## SUMMARY

Graduate as Master of Management with major in Finance from State University of Jakarta 2025. Strategic partnership & operations specialist with 6+ years of expertise in data analysis, budget management, and project implementation across the insurance and multi-finance industries.

## WORK EXPERIENCE

### **Partnership Distribution – PT Asuransi Allianz Life Indonesia**

*April 2024 – Present*

- Generate daily production and activity reports for Maybank Indonesia through data cross-checking.
- Analyze raw data to build executive performance decks for bank management reviews.
- Validate products, programs, events and business trip proposals while ensuring alignment with corporate compliance and budget allocations.

### **Business and Operation Support – PT Bussan Auto Finance**

*June 2023 – April 2024*

- Managed marketing budgets across all LOBs, including NMC, UMC, Sharia Fund, Car, and Multiproduct.
- Maintained product data and dealer commission structures for the Sumatra region within Confins and BAFPro
- Audited daily regional dealer commission disbursements to ensure data integrity and accuracy.

### **Business and Operation Support Motorcycle – PT Bussan Auto Finance**

*March 2020 – June 2023*

- Monitored and optimized KPIs and sales productivity metrics across 29 regional networks in Jabodetabek, West Java, and Pontianak.
- Deployed interactive Tableau dashboards to track data quality, enabling real-time data delivery for management.
- Led the data track for 3 national digital projects (Sandia system, asset distribution, digital invoicing) and resolved system issues.
